MOTIONS

- 4 Councillor K. Power - Analysis of Coastal Erosion from Balbriggan to Howth**

"That the Chief Executive conducts an analysis on the impact of Coastal Erosion on the coastline from Balbriggan to Howth to facilitate an understanding of where remedial works are required before significant, irreparable damage occurs."

- 5 Councillor D. Healy - Policy for Management of Beaches and Dunes**

"That this Committee, learning from positive experience on beaches in Fingal and elsewhere, develops a policy for the management of beaches and dunes aimed at protecting them from erosion, and encouraging the growth of dunes and beaches as coastal protection for developed areas of Fingal, particularly in the context of rising sea levels."

- 6 Councillor B. Dennehy - Power Generated by Off-Shore Turbine Farms**

"That the Chief Executive confirms that the demand required to use all the additional electrical power generated from the planned offshore wind turbines farms currently exists within the state."

- 7 Councillor P. Mulville - Special Amenity Area Orders for Rogerstown, Malahide and Baldoyle Estuaries**

"That the Chief Executive, given the recent making of the new County Development Plan, outlines her best estimate as to when the process can commence to put in place Special Amenity Area Orders (SAAO) for Rogerstown, Malahide and Baldoyle Estuaries given the urgent need for Special Amenity Area Orders designations as vital to aid the conservation of these European sites and the habitats, flora and fauna that they have been designated to protect, given the Climate and Biodiversity Emergency declared by Dáil Éireann in May 2019, and the

recent pressing recommendations of the Citizens' Assembly on Biodiversity Loss in November 2022."
