MEETING
(Services B – Strategic & General Matters)**

Thursday 10th September 2026

ITEM NO. 21

Audit of Disabled Parking Bays - Rush - AI109434

Question: Councillor M. Boland

"To ask the Chief Executive if the Council would consider carrying out an audit of disabled parking bays in Rush, including their location, condition, signage and enforcement and if additional accessible parking spaces are required near key services, shops and community facilities?"

Reply:

The Council's Access Officer, in co-operation with the Operations Department, plans to conduct a wider access audit of Rush Town, which will include an access audit of existing accessible parking bays in Rush and an assessment of the feasibility of new accessible parking bays close to key services and public facilities, in line with best practice Universal Design.

The audit will include input from Disabled Persons' Organisations and is anticipated to commence in early October 2026, depending on the availability of key participants.
