ITEM NO. 41

Blake's Cross Junction Upgrade - AI109691

Question: C. Johnston

"To ask the Chief Executive to provide a report on the Blake's Cross junction upgrade project to include a timeline for the delivery of this project?"

Reply:

Work on Blakes Cross Junction Upgrade Project Phases 1 (Scope and Purpose) and 2 (Concept Development and Options Selection) is largely complete. The Emerging Preferred Option has been identified and the project team will consult with landowners during Q3/Q4 2026. Non-statutory public consultation is expected to be undertaken in Q4 2026.

Environmental survey work is ongoing and will continue into 2027, geotechnical and topographical surveys will commence in Q4 2026. The outputs of Phase 2 and Phase 3 (Preliminary Design) will confirm the correct Statutory Process (Phase 4). It is envisaged that a planning application would be submitted in Q3 of 2027.
