ITEM NO. 06

SENSORY ACCOMMODATIONS FOR ADULTS IN THIS LEA - AI110070

Question: Councillor J. Smyth

“To ask the Chief Executive to advise what the current process for use of sensory tents/quiet spaces at public events hosted by the Council or taking place in Council own sites within this Local Electoral Area with a particular focus on such essential spaces being available for adults also?”

Reply:

Where sensory or quiet spaces are provided at Council-hosted events, these facilities are available to all attendees who may require a quieter environment or some time away from the main event activity.

At larger events, separate quiet-space gazebos are provided for adults and children, ensuring that attendees of all ages can access an appropriate space should they wish to have some quiet time or space to themselves.

The Council will continue to consider the provision of sensory and quiet spaces as part of event planning, with the aim of making public events as accessible and inclusive as possible.
