ITEM NO. 14

Update on Brook's End Historical Landfill site - Rush - AI110015

Question: Councillor B. Ryan

"To ask the Chief Executive to provide an update on any progress made in relation to a report at this Area Committee meeting in April this year in respect of the Brook's End Historical Landfill site in Rush?"

Reply:

ECAATS successfully attained grant funding for this project in 2026 and are currently progressing environmental assessments for this site which will enable the Engineering team to consider design options for the project. Please be advised that this project is very complex in nature due to its location on the shoreline and may take 1-2 years to complete provided there are no major delays in attaining the required consents for the works.
