

**COMHAIRLE CONTAE FHINE GALL
FINGAL COUNTY COUNCIL**

**BALBRIGGAN/RUSH-LUSK/SWORDS AREA COMMITTEE MEETING
[SERVICES A – OPERATIONAL MATTERS]**

THURSDAY 8TH OCTOBER 2026

ITEM NO. 2

**ROAD RESURFACING PROGRAMME 2026/2027 - RUSH AND LUSK -
AI109439**

Question: Councillor M. Boland

“To ask the Chief Executive to provide an updated list of the Road Resurfacing Programme 2026/2027 for Rush and Lusk, along with a list of roads which have been requested to be included in future re-surfacing works within the Rush-Lusk area?”

Reply:

The full 2026 Programme of Works list was proposed, presented to, and agreed by, the Elected Members at their ACM in January 2026. A copy of this presentation, if required, can be re-issued to the member upon request.

As is the case every year, a proposed list of roads for resurfacing will be presented to the elected members early in 2027 for their consideration and deliberation as to which will be included in the 2027 Programme of Works. The following criteria are taken into account when compiling the proposed list:-

- Basis of need, namely the condition of the road as assessed by the Area Engineer taking into account such factors as the Pavement Surface Condition Index

- Value for Money in terms of the number of users of a road, how large a community it serves and its strategic importance.
- Annual Budget made available by the elected members for Roads Maintenance at the full Council annual budget meeting.
- Requests made by the Elected Members either through direct representations or through Area Committee Meeting items.
- Requests from members of the public and community organisations.
- What can reasonably be achieved by the Engineering Staff resources available within the timeframe of the annual programme of works and in the context of the many other duties also performed by the engineering staff.
