**ITEM NO. 4**

**PROVISION OF UNCONTROLLED PEDESTRIAN CROSSING - R128 -  
COLLIE MAHER PARK - LUSK - AI109716**

**Question: Councillor C. Johnston**

“To ask the Chief Executive if consideration can be given to include the necessary finance in next year's Programme of Works for the provision of an uncontrolled pedestrian crossing on the R128 in the vicinity of Collie Maher Park given the increasing number of children crossing this busy road to access the sports grounds?”

**Reply:**

The request has been reviewed alongside previous correspondence. The location is in a rural road environment with posted speed limit of 60km/h, actual operating speeds have not been measured.

An uncontrolled pedestrian crossing is not recommended as an isolated measure, given the limited connecting footpath provision. Any improvement would require a wider assessment of the pedestrian network and associated infrastructure. There is no funding for this in the Operations Department Traffic Programme and works of this scope would be outside the Operations Traffic Programme.
