MOTION NO. 38

TRAFFIC ISSUE REVIEW - CASTLE AVENUE - SWORDS - AI109692

Motion: Councillor L. Corkery

“That the Chief Executive consider engaging with the Operations Department and the residents of Castle Avenue in Swords, to discuss traffic issues, including speeding and the need for new road markings in certain locations.”

Report:

Castle Avenue is a residential road that connects Chapel Lane to Longlands/ Malahide Road adjacent to the Pavilions shopping center. There are a series of existing traffic calming measures such as raised tables, ramps, double yellow lines and staggered parking along this section of road to slow traffic down to appropriate speeds. If there is faded line marking, this will be addressed through the general road maintenance line marking works.

The Active Travel section is currently working a Safe Routes to Schools project at St. Columcille's National schools which will enhance traffic calming measures.

Source of Report: Mr. J Culhane, Senior Executive Engineer, Operations Department.
